

# Is That Too Much To Ask

Biboulakis feat. Nina Zitlin

Wish me luck give me somethin'  
Help me out and I'll go there  
Wish me luck give me somethin'  
Help me out and I'll go there All I want is a brand new truck  
With one eyed jacks and beginners luck  
The doctors script for the perfect drug  
Get it all while I can But I got no money and I got no man  
I drive around in a beat up van  
I ride on coffee and percodan  
Get it all while I can, get it all while I can Is that too much to ask?  
Is that too much to ask?  
Is that too much to ask?  
Is that too much to ask?  
Come on now So people tell me to clean up my mess  
Like I was sweet sixteen in a dirty dress  
But I'm wiser now so I must confess  
That I get it all while I can, yeah  
I get it all while I can Is that too much to ask?  
Is that too much to ask?  
Somebody told me  
Is that too much to ask?  
Is that too much to ask?  
Just make it real and make it last Someday maybe I'll understand  
This crazy old life is in my hands  
Someday maybe I'll figure it out  
Somebody help me anybody tell me Wish me luck give me somethin'  
Help me out and I'll go there  
Wish me luck give me somethin'  
Make it real and make it last [Incomprehensible] Is that too much to ask?  
Is that too much to ask?  
Somebody told me  
Is that too much to ask?  
Is that too much to ask?  
Just make it real and make it last
