

# Diamond In the Rough

## Social Distortion

Well, I've been up, yeah, and I've been down  
Been kicked around, yeah, this God-forsaken town  
So many faults, so little time, I've got to find my peace of mind  
Peace of mind, yeah, yeah, yeah I was looking for something, anything at all  
Something to believe in, spraying paint on the walls  
I've made mistakes, yeah, I paid for them too  
What's a pot-boy supposed to do? That you sell like a diamond in the rough  
You're done, you're damaged, all you need is a little love  
Well, inside you sparkle like the stars above  
Won't be there in the morning when the going gets tough  
Yeah, yeah, yeah There was a time when I could not say  
I got a reason to live another day  
I just got a treasure, they all passed on by  
And I can understand the reasons why That you sell like a diamond in the rough  
You're done, you're damaged, all you need is a little love  
Well, inside you sparkle like the stars above  
Won't be there in the morning when the going gets tough That you sell like a diamond in the rough  
You're done, you're damaged, all you need is a little love  
On the inside you sparkle like the stars above  
Won't be there in the morning when the going gets tough Yeah, yeah, diamond in the rough  
Yeah, yeah, well, you're like the stars above  
Yeah, yeah, all you need is a little love  
Won't be there in the morning when the going gets tough Diamond in the rough, yeah, yeah, yeah  
Oh, like the stars above now, yeah, yeah  
All you need is a little love now, yeah, yeah, yeah, yeah
