U.S.L.S. 1
S.L.S. 1 U.S.L.S. 1 U.S.L.S. 1
S.L.S. 1 U.S.L.S. 1 The moon shines bright in the desert night
The other side of a clear sunlight
The other side of a character
Comes out to play before the day U.S.L.S. 1
U.S.L.S. 1 The devil follows up out his plans
He's makin' his work for those idle hands
And his neatly packaged bird has flown
This devil takes care of his own U.S.L.S. 1
[Incomprehensible] Clouds now greeting this aeroplane
As if tearing across the empty sky
When a bomb implant in the luggage hold
This devil takes care of his own U.S.L.S. 1
U.S.L.S. 1 U.S.L.S. 1
U.S.L.S. 1
