

Sexy, Naughty, Bitchy

Tata Young

I pick all my skirts to be a little too sexy
Just like all my thoughts, they always get a bit naughty
When I'm out with my girls, I always play a bit bitchy
Can't change the way I am sexy, naughty, bitchy me I'm the kind of girl, the girls don't like
I'm the kind the boys fantasize
I'm the kind that your momma and your daddy, would afraid you to turn out to be like
I may seem unapproachable But that's only to the boys who don't have the right approach whose ride which
makes a girl like me wanna hop in a roll
People think it's intimidating
Oh when a girl is cool with her sexuality
I'm a 180 to the stereotype girls like staying home and being innocent I pick all my skirts to be a little too sexy
Just like all my thoughts, always get a bit naughty
When I'm out with my girls, I always play a bit bitchy
Can't change the way I am sexy, naughty, bitchy me
My mouth never takes a holiday
I always shock with the things I say
I was always the kid in school to turned up to each class 'bout an hour late
And when it comes to the guys I'd lay I'd always pick the ones who won't figure out that I was clearly rebel to
the idea of monogamy
People think it's intimidating
Oh when a girl is cool with her sexuality
I'm a 180 to the stereotype girls like staying home and being innocent I pick all my skirts to be a little too sexy
Just like all my thoughts, always get a bit naughty
When I'm out with my girls, I always play a bit bitchy Can't change the way I am sexy, naughty, bitchy me
Sexy, sexy, sexy
Naughty, naughty, naughty
Bitchy, bitchy, bitchy me
Sexy, sexy, sexy
Naughty, naughty, naughty
Bitchy, bitchy, bitchy me
People think it's intimidating Oh when a girl is cool with her sexuality
I'm a 180 to the stereotype girls like staying home and being innocent
I pick all my skirts to be a little too sexy
Just like all my thoughts, always get a bit naughty
When I'm out with my girls, I always play a bit bitchy
Can't change the way I am sexy, naughty, bitchy me
I like all of my shorts to be a little too shorty
Unlike all of my guys I like them tall with money
I love all of my nights to end a little bit nasty

Can't change the way I am sexy, naughty, bitchy me
I pick my skirts to be sexy
Just like my thoughts a bit naughty
When I'm out with my girls bitchy
Can't change I am sexy, naughty, bitchy me
