Never Love Again

Kid Evo

[Hook}
You make me never wanna love again (2x)

[Verse 1]
See why I have to do that
Why I have to love so hard
She used to be my lady,
Now that you're just some girl (?)
She thought that she could play me
Girl, you must be out your right mind
And now you want forgiveness
Stop wasting my time

[Chorus]
And now I know you put on a front
You never wanted this all along
And now I know that you're no good
You did me bad, I swear you aren't(?)
And now I know things will never be the same
Because you're always playing games
And girl I put you first
I tried to make it work
But now its time for a change
We've been down this road before
Doing me wrong, I can't take no more
Too many chances, gotta let you know that
Its time to let you go
And don't you say that,
That our loving is there girl
I know you don't care
You know I'd be a fool to stay
You make me never wanna love again (2x)

[Verse 2]
Now I'm trying to forget you but
Its hard when the feeling's still there
Thinking about the good times and all the memories we shared
But girl you let it all go
I never thought I'd see the day

And now its sad to say that

[Chorus]

[Bridge]
And now I don't know what to do cause
All I ever really wanted was you
And after all that we've been through
Bet you went and find something new
And I should've known from the start
That you were gonna break my heart
Girl you left me torn apart
Broken and scarred
This is just too hard
I'll be fine, I'll forget about it over time
But for now I just can't seem to get you off my mind
And its a shame you couldn't hold it down
Now I'm just rolling around (?)
Thinking bout when you were mine
You were really like them other shorties all along
And whenever he do you wrong
You ain't gotta call my phone

We've been down this road before
Doing me wrong I can't take no more
Too many chances, gotta let you know thst
Its time to let you go
And don't you say that
That our loving is there
Girl I know you don't care
You know I'd be a fool to stay
You make me never wanna love again (2x)
