

# Now You Know

## Full Devil Jacket

This is my answer to everything

This is my answer to everything

None are made before their timeAnd now you know this could never be justified

Now you know I could never be satisfied

Now you know you can't love me if I can hide

Now you know that this little child is terrifiedThis is my place to hide from everything

This is my place to hide from everything

None are made before their timeAnd now you know this could never be justified

Now you know I could never be satisfied

Now you know you can't love me if I can hide

Now you know that this little child is terrifiedIt's glorified

It's sanctified, in you, for you

It's purified, I walk inside

The truth, the truthNow you know this could never be justified

Now you know I could never be satisfied

Now you know you can't love me if I can hide

Now you know that this little child is terrifiedNow you know

(What I am, what I know, what I say)

Now you know

(What I am, what I know, what I say)

Now you know

(What I am, what I know, what I say)

Now you know

(What I am, what I know)
