River & The Lake

wanderwild

River & the Lake
Wanderwild

I went down into the valley
Where the river meets the lake
the water looked like sunlight
pushing through the rain

So I'm not gonna make this harder
than it really needs to be
I promised to my mother
I'd be a man that never leaves

Do you remenber losing control of everything?
The fall didn't leave us broken, no
It made us whole again

So I Will be the river
and you can be the lake
We'll flow into the ocean
be made new in the rain

You won't be alone, dear
The Shore must have a sea
O promise you my lover
I will be the man you always keep
I will be the man you always keep
If you let me be

I went down into the valley
Where the river meets the lake
I finally knew what love meant
When I found it in your face
