

Wake Up Call (2016 Remastered)

Phil Collins

This is your wake up call, young hearts be free

Get up, get on, get out about and shout it

Tell 'em all you're dressed and on your way

Oh there's absolutely no doubt about it

This is your wake up call

You're gonna miss it all

Am I the only one out there that's listening

Cause it's such a lovely noise that I can hear

Eyes are opening up to all around them

This is their wake up call

They're gonna miss it all

Can you feel what's happening here

Everything is changing all around you

It's in the air, electricity

Everybody, yes everybody's waking up

Good morning to you

You're not the only one out there who's running

But the man who's sitting next to you's asleep

So pick him up and shake him till he hears you

This is his wake up call

He's gonna miss it all

Can you feel what's happening here

Everything is changing all around you

It's in the air, electricity

Everybody, yes everybody's waking up

Good morning to you

Those who've done all they can do sleep easy

Those that turn away, they sleep alone

But there's no doubt about it absolutely

This is a wake up call

We're gonna miss it all

This is your wake up call

This is your wake up call

This is your wake up call

You're gonna miss it

You're gonna miss it all
