

# Shake Ya Ass (feat. P-Lo)

blackbear

Bout to buy my new truck off this one  
Bend over, shake your ass

Shake your ass, show your titties, girl

Shake your ass, show your titties

Shake your ass, show your titties, girl

Shake your ass, show your titties

Shake your ass, show your titties

Girl you love this shit, don't lie

Girl you love this shit, don't lie

Baby don't talk about it, just be about it

Shake that ass, show them titties, girl

Shake that

Like eenie, meenie, miney, mo

Takin' shots, straight PatrÃ³n

Had a girl but not no more

Old bitch get that dial tone

And I've been killin' every show

Got a lotta cash to throw your way

Throw your way

If you ain't fuckin' with it, go your way

And I can tell you was down from the go

She want a taste of this Dom

I got a taste for this blow

Let's just get naked and roll
