

Till We See the Sun (Danny Verde Remix)

Blake Lewis

Comin' up...
Comin' up...
Comin' up...
Comin' up...
Comin' up...Imagine we're some place far away (far away)
No one around, we're alone (we're alone)
Just us and the music, we can run away (run away)
Hold on tight, don't let go'Cause every time we move
Our love is in the spotlight
Nothin' left to do
Walk away the moonlight'Long as I'm with you
I never have to dance alone again
Just take my hand and -Let the beat control you
Let your mind escape
Feel the rhythm move you
Till the light of dayWe can feel the sun, we can feel the sun
We can feel the sun comin' up, comin' upWe can feel the sun, we can feel the sun
We can feel the sun comin' up, comin' up
We can feel the sunFeel the world right in front of us (in front of us)
You and I with the stars (stars)
Slowly gone there's no need to rush (no need to rush)
Universe will be ours'Cause every time we move
Our love is in the spotlight
Nothin' left to do
Walk away the moonlight'Long as I'm with you
I never have to dance alone again
Just take my hand and -Let the beat control you
Let your mind escape
Feel the rhythm move you
Till the light of dayWe can feel the sun, we can feel the sunWe can feel the sun, we can feel the sun
We can feel the sun comin' up, comin' upWe can feel the sun, we can feel the sun
We can feel the sun comin' up, comin' up
We can feel the sun, we can feel the sunWe can feel the sun, we can feel the sun
We can feel the sun comin' up, comin' upWe can feel the sun, we can feel the sun
We can feel the sun comin' up, comin' up
We can feel the sun, we can feel the sunWe can feel the sun...
