

# Alexander The Medium

## Jefferson Airplane

When the time does come near again  
When the day does seem clear again  
    Make it in the night time  
The dreams ends in the light time  
    All of you come away  
    Just a bow shot away  
Let me tell you 'bout a story now  
    A tale of glory and power  
And I don't even know your name  
But I thought I'd tell you all about it just the same  
We are all creatures of fame, lightness and liberty  
    In the times of the olden times  
    Of ancient ladies and maritime splendor  
    Priests of Karnak and Thebes  
Could walk through the ocean and the seas  
    When the pyramid she would sigh  
    The waters streamed from the sky  
    The ocean you know is your friend  
Your brother and sister just as sure as sin  
    Put your hands in the water  
    Rest your feet on the sea  
You don't have to let your body die  
You can come back again if you try, if you try  
    This song was made then by you and me  
A billion years before these oceans rolled  
    Oh I can see you burning brightly  
    You shine like silver like sun gold  
    And a hundred years from today  
    All you people will be gone away  
    Down into the heart of the sea  
Back to the time of wonderwhy you and me  
    And I don't even know your name  
But I thought I'd tell you all about it just the same  
If you laugh real hard you win the game - hands down  
    Before old Alexander 'twas just the same as now  
Can you smell the blood of fame, lightness and liberty?
