

Don't Die Wondering

Kill Hannah

have to try just to inhale
have to try just to inhale
i think i may just pass out
it's so breathtaking
so hurry and kiss me
my blood stream is crystalline
inhale, exhale, pass out, wake up, repeat
inhale, exhale, pass out, wake up, repeat
inhale, exhale...
she said it's so breathtaking
so hurry and kiss me
my bloodstream is crystalline
don't die wondering
don't die wondering

in his bloodstream
inhale, exhale, pass out, wake up, repeat
inhale, exhale, pass out, wake up, repeat
inhale, exhale..
she said it's so breathtaking
so hurry and kiss me
my bloodstream is crystalline
don't die wondering
don't die wondering
don't die wondering
don't die wondering
in his bloodstream
