

By Your Side (Avalon Club , USA 13.05.2008 ,Live)

Tokio Hotel

No one knows how you feel
No one there you'd like to see
The day was dark and full of pain
You write help with your own blood
'Cause hope is all you've got
You open up you eyes
But nothings changed I don't want to cause you trouble
Don't wanna stay too long
I just came here to say to you Turn around, I am here
If you want it's me you'll see
Doesn't count, far or near
I can hold you when you reach for me Your life is meaningless
Your diary full of trash
It's so hard to get along with empty hands
You're looking for the rainbow
But it died not long ago
It tried to shine just for you
Until the end I don't want to cause you trouble
Don't wanna stay too long
I just came here to say to you
I am by your side
Just for a little while Turn around, I am here
If you want it's me you'll see
Doesn't count, far or near
I can hold you when you reach for me If the world makes you confused
And your senses you seem to lose
If the storm doesn't want to diffuse
And you just don't know what to do
Look around, I am here
Doesn't count far or near I am by your side
Just for a little while Turn around
Turn around, I am here
Turn around
Doesn't count, far or near
Turn around
If you want it's me you'll see
Turn around
I can hold you when you reach for me
Turn around, I am here

Doesn't count, far or near I am by your side
Just for a little while
We'll make it if we try
