Code Red

[Sodom](#)

Belonging to an alliance
For better or for worse
Disloyalty gets punished
If you tear down the wallYour strength of will, built on sand
Footprints on your face
No dream and no reality
Will save you from yourself
No dream and no reality
Will save you from yourselfCode red

Code red
Code redDiscriminated without permission
Against the chosen one
Who was your bother hand in hand
When the war beganInfecting total fascism
To a crawling wimp
They let you run the gauntlet
And worship their defeat
They let you run the gauntlet
And worship their defeatCode red
