Monument of Me

The Merrymakers

Woo ooh e ooh e ooh
Monument of me

I never doubted you'd make it one day
I always thought you were special
You never liked me, I came in your way
I only tried to be helpful

Its all very clear to me
all that you wanted to be

You oughta make yourself a well known name
You seem to think you're on your way to fame
But what he world is going to see
Is an everlasting monument of me

I never stopped you from playing your game
Cause it makes you feel satisfied
You never liked it when I did the same
But you had to be your own guide

Its all very easy to see
All that you wanted to be

You oughta make yourself a well known name
You seem to think you're on your way to fame
But what he world is going to see
Is an everlasting monument of me

You oughta make yourself a well known name
You seem to think youre on your way to fame
But what he world is going to see
Is an everlasting monument of me

as your day love you for
very eager nation life
swept away left no signs
of the brokenhearted shade of a man

You oughta make yourself a well known name

You seem to think you're on your way to fame
But what he world is going to see
Is an everlasting monument of me

You oughta make yourself a well known name
You seem to think you're on your way to fame
But what he world is going to see (world is going to see)
What he world is going to see (world is going to see)
Yeah what he world is going to see (world is going to see)
Is an everlasting monument of me

ooh e ooh e ooh (3x)
Monument of me

ooh e ooh e ooh (3x)
Monument of me
Whoooooa
