Easter Song

Chamber

You're bringing me back to life
You're bringing me back to lifeYou're bringing me back to life
You're bringing me back to lifeYou're bringing me back to life
You're bringing me back to lifeYou're bringing me back to life
You're bringing me back to lifeYou're bringing me back to life
You're bringing me back to lifeI walk all divine
That you're all innocent
Put myself in Your hands completelyYou're bringing me back to life
You're bringing me back to lifeI walk all divine
That you're all innocent
Put myself in Your hands completelyYou're bringing me back to life
You're bringing me back to lifeOh how I'm blessed on this day
Today and every day
Now that Your light is in my heart
I shall hunger and thirst no moreI walk all divine
That you're all innocent
Put myself in Your hands completelyYou're bringing me back to life
You're bringing me back to lifeI walk all divine
That you're all innocent
Put myself in Your hands completelyYou're bringing me back to life
You're bringing me back to lifeI walk all divine
That you're all innocent
Put myself in Your hands completelyYou're bringing me back to life
You're bringing me back to life
