

# Yeah Yeah

## Saigon

OK you, what's up?

Yeah, yeah, yeah

Your boy Saigon the man here, yeah, yeah!

Are you ready?

Chorus:

You niggas want it, you niggas get it

Hospital bed, nigga get admit it

My niggas got it, you niggas want it

Put a knife on your shirt, hurt on it!

Now .the hottest beat of the year

Say yeah, yeah, my name is...

Say yeah, yeah, rocking with Saigon this year

Say yeah yeah yeah!

Why you wanna make me go back on my bull job?

Even though I hang with the ganger those good guys

We don't get no man,. like we're going in

I'mma hide your whole fam saying their goodbyes

I might be the wrong one to try to intimidate

It's some shooting and it's going on, I'mma participate

It's some you and it's going on, I'mma participate

Cause I'm tired of seeing the designs on a dinner plate!

Be some food on it, lasagna inner state

To where I move on it, piranhas infiltrate

To feel like the day we see

The real shady bear, we're the ones crazy real,

I ain't just the way you feel!

These are facts and you can even act

Or you could check my hood credit scores, legal facts

Yeah, this is what I suggest

If you're the truth, nigga, take the lie detector test, yeah!

Chorus:

You niggas want it, you niggas get it

My niggas got it, you niggas want it

Put a knife on your shirt, hurt on it!

Now .the hottest beat of the year

Say yeah, yeah, my name is...

Say yeah, yeah, rocking with Saigon this year

Say yeah yeah yeah!

I'm a disciple, like I read ten Bibles

My will turned faster like a fucking spin cycle  
And I ain't seen the Encyclopedia since high-school  
Past the Ramadan I start fucking with ten riffles  
Talking in your... busting, discussing  
Just like a. he was a mother fucker and fought crime  
Daddy gave you a microphone and some talk time  
You turned it into a porcupine, you ain't never walked the line!  
Never walked a yard, just talking hard  
You go to hell, you're send them round to support them gods  
You're a fraud and the fraud in the presence of the law  
Till my dogs started look like a snowish ball  
I don't analyze, I'm cool and I'm casting charms  
Smooth as a .your music is gotta ...  
A lot of..., banging drums in the.  
The concept is nonsense, you're my God!

Chorus:

You niggas want it, you niggas get it  
Hospital bed, nigga get admit it  
My niggas got it, you niggas want it  
Put a knife on your shirt, hurt on it!  
Now .the hottest beat of the year  
Say yeah, yeah, my name is...  
Say yeah, yeah, rocking with Saigon this year  
Say yeah yeah yeah!
