

You Cunt

Once Human

Fall
Down to your knees with the guilt you feel
Have you
Any last words to say
I will make you
Wish you'd never been born
Your life, it was
Such a fucking waste
Condemned to die
You cunt, I am your poison
Don't fuck with me
I'll break your bones
You cunt, so you can stay down and bow
Pray for me
No!
Don't you even realise you rest in pain
What a
Waste of your shallow grave
Down forever
Festering in the filth
And burn below
Back from where you came
Condemned to die
You cunt, I am your poison
Don't fuck with me
I'll break your bones
You cunt, so you can stay down and burn
Burn, burn, burn, burn, burn, burn
Now pray for me
Don't fuck with me
Bow down before me
