Ten Days Late

Third Eye Blind

Click your heals
And feel you come for me
Care free, she's got something big to tell me
At the ocean
Talk back at the ocean
There's no simple way
To let you know
Funny how she always cried out daddy
I got a big surprise, she said
I'm in trouble now
and it cannot wait
She's ten days late
Boy, your life got complicated
Well I can't wait
To see this through
She's ten days late
Ten days late
Low ride bicycles go cruising by
I laugh
I don't even know why
Talk back at the ocean
Consequence and ozone
Catch a glow
Oh no, baby, oh no no
Give me a minute now
To figure out my state
Oh I know
She's ten days late
And I don't know
Where to take it
But it's still great
Knowing you
She's ten days late
Ten days late
Time has come for you to choose
Baby daddies keep your boo
Many blessings come to you
Baby daddy keep your boo
Your eyes look to me for what to do

I can't lie
I don't know
At the ocean
Talk back at the ocean
No one's laughing
Now what do I say
I walk away but, oh no
Don't go
At the ocean
Talk back at the ocean
Give me a minute now
To figure out my state
She's ten days late
And I'm never going to fade it
I guess I'll always be
Knowing you
Knowing you
Knowing you
Crawl on bedpost
