

# Last Night

## Niki & The Dove

Its everywhere,  
surrounding me,  
the heat of it.  
It lays so deep inside.  
I didnt want you to  
wake the lion  
that we hushed to sleep,  
but its so tender that I dont care  
where its leading me.  
Last night, we got  
married in a taxi.  
I swear I love you,  
I love you like its no tomorrow.  
And I got no time  
for second thoughts now.  
We got tonight,  
and then I have to go.  
Oh, my body shivers.  
I got this feeling  
of time being old.  
Its just that  
somebody used to say  
she had a fear of getting  
close to the fire.  
Its gonna break my heart.  
I know it. Im at a steep now.  
Im falling.
