

I Need a Woman

Night Ranger

I need a woman to wipe away my tears
Keep me warm and sing me bedtime lullabies
I need a woman put away my toys
See a man in a boy thats still growing Oh I, oh I, oh I
I need a woman I need a woman make me feel all undone
Hang me out, hang me on take me slow now
I need a woman find a window in my soul
Bring me in from the cold thats where Im dying Oh I, oh I, oh I
I need a woman
Oh I, oh I
I need a woman
Oh, yes I do I can see her now as she takes me out
With a wink of her eye and down I go
For the longest time do you tell me
I dont need to know why got a fire inside
And a feeling Id die for another night Oh, I
I need a woman, yeah I can see her now as she takes me out
For another night hot and sweat
As I shiver and shake can you tell me
If its do or die I got a fire below
And a feeling Id go for another try Oh, I
I need a woman I need a woman
I need a woman
Oh I need
I need a woman
I need a woman
I need a woman
