

# Drown Me Slowly

## Audioslave

I've got a will this time, I don't care what you say

I've got a feeling this will all go away

It's in the wind this time, it's in the southern sky

I can't walk on water yet won't even try

Drown me slowly, enclose me

Drown me slowly alright

Drown me slowly, enfold me

Drown me slowly

All that I took with me was a bad taste in my mouth

Went all around the world just couldn't spit it out

Just like ground zero was the surface of the sun

That's a sickness, I can't fix it, not all at once

Drown me slowly, enclose me

Drown me slowly alright

Drown me slowly, enfold me

Drown me slowly

Don't let them take you down

You'll leave a better world than you found

Don't let them take you down

You'll leave a better world than you found

Don't let them take you down

Don't let them take you down

Don't let them take you down

Don't let them take you down

So drown me slowly, enclose me

Drown me slowly alright

Drown me slowly, enfold me

Drown me slowly

Drown me slowly

(Drown me slowly)

Drown me slowly

(Drown me slowly)

Drown me slowly
