

Go Steady

Bad Boy's Da Band

When I'm with you, you make me feel so sexy, ooh
Made up my mind, I agree that we are ready
On a steady pace for love Ready and I'm ready for love
So do you boy
Do you want a taste? What I see when I look at you
A rugged dude, but a gentleman too
With your hat tilted to the side I get a chill from those pretty brown eyes
Rippled chest and how you dress, I'm so impressed
Can't get you off my mind, I'm so excited
Can't wait to be with you tonight So can we hook up around 8 so
Try not to be late boy, it's on
I got so much in store for you
Tell ya boys bye, it's about time Gonna make it hotter than July
And make it worth your wait and I
I like it when you say, 'Don't be shy' When I'm with you, you make me feel so sexy, ooh
Made up my mind, I agree that we are ready
On a steady pace for love Dim the lights, I turn my two-way off and close the door
I'm in the mood for more
Bring it here, I wanna take you there Ooh boy, I swear no one compares
Love makin', breath takin', body shakin', no fakin'
You're really somethin', can't wait to be with you again So can we hook up around 8 so
Try not to be late boy it's on
I got so much in store for you
Tell ya boys bye, it's about time Gonna make it hotter than July
And make it worth your wait and I
I like it when you say, 'Don't be shy' When I'm with you, you make me feel so sexy, ooh
Made up my mind, I agree that we are ready
On a steady pace for love No more waiting, contemplating
'Cuz I know it's love, I'm so anxious to start makin'
Goin' steady now, go 'head boy, tear it up Look playa, I admit it was a game I played
But now I see things different, girl you changed my ways
You never know you got good fate
Till it's gone and you feel, you bein' hoodwinked, then it's on Listen, you never told me you ain't want me to
grissle
'Cuz I kept you hot and now it's somethin' official
You kept a pistol in ya pocket but the government issue
Look, I seen too much to tell you I miss you Or tell you I love you, all day kissin' and huggin'
Listen, bottom line if I ain't wit you I'm fuckin'
I never fucked wit ya sister, never fucked wit ya cousin

No fussin' and fightin' tonight, we under the covers tusslin'
Paradise where the water is blue
And grab a snack 'round a quarter to 2
Me and boo, hoo and I ain't gotta give you ecstasy
For you to wanna have sex wit me, that's my specialty
When I'm with you, you make me feel so sexy, ooh
Made up my mind, I agree that we are ready
On a steady pace for love
When I'm with you, you make me feel so sexy, ooh
Made up my mind, I agree that we are ready
On a steady pace for love
