

Kissa Me Baby

Ray Charles

Well, I wanna be your, lover man, so
Baby, won't you let me hold your hand
Kissa me, baby, well, kissa me, baby
(All night long, all night long)
Well baby, love a dovey all the time Well, I want you right by my side
To love and keep me satisfied
Kissa me, baby, well, kissa me, baby
(All night long, all night long)
Well baby, love a dovey all the time Well, the boys all wonderin' why you're so hot
But they don't know just what you've got
So kissa me, baby, well, kissa me, baby
(All night long, all night long)
Well baby, love a dovey all the time Well, tell me baby, what is your name
You've got such a fine brown frame
Kissa me, baby, well, kissa me, baby
(All night long, all night long)
Well baby, love a dovey all the time Well, I'm gonna buy you a diamond ring
Cadillac and everything
Kissa me, baby, well, kissa me, baby
(All night long, all night long)
Oh baby, love a dovey all the time Well, I'm gonna buy a house in style
For me and my little wife and child
Kissa me, baby, well baby
(All night long, all night long)
Oh baby, love a dovey all the time [Incomprehensible]
Hey hey, hey hey, baby
Oh, love a dovey all the time
