Long Cold Winter

Cinderella

I've been down
I've been cryin' in the dead of night
I've been tryin', I've been tryin'
To find the time to make it rightIt's gonna be a long cold winter
Long cold winter without your loveI've been walkin', I've been freezin'
Freezin' from a love, I left behind
I've been searchin', I've been searchin'
Can't find my peace of mindIt's gonna be a long cold winter
Long cold winter without your loveI've been down, oh, I've been down, yeah
Baby, baby, baby oh, I'm freezin'
I'm freezin', I'm freezin', I'm cold
So so so coldIt's gonna be a long cold winter
Long cold winter without your love, yeah
