

# Fool's Gold

[S. Carey](#)

[Verse 1]

No one came to take you  
How could you leave?  
Wrapped you in white paper  
Then sent you downstream[Chorus]  
Found your mama in the basement in the cold  
What does heaven know 'bout fool's gold?  
Oh

[Verse 2]

There are nights I see you  
In big sister's hazel eyes  
She'll be looking out for you  
Underneath the sapphire skies[Chorus]  
Found your mama in the basement in the cold  
What does heaven know 'bout fool's gold?  
Oh[Instrumental Bridge]

[Chorus]

Found your mama in the basement in the cold  
What does heaven know 'bout fool's gold?  
Oh
