

Fuckoff Is Not the Only Thing You Have to Show

CSS

You wake up
you don't wanna live today
you make up
you wanna look good today
you break up
you feel like crashing down
you go to work
you wanna skip this round right now
right na-a-a-a-aw
right now
right na-a-a-a-aw you feel like you wanna change your life today
you feel bad cuz you didn't make it yesterday
you fall back
you think you ain't enough
you fall down
it's hard to get
up alone
alo-o-o-o-one
up alone
alo-o-o-o-one fuck off is not the only thing you have to show
fuck off is not the only thing you have to show
i know-i know
