# Give And Take

## Forever The Sickest Kids

There's a clause
If you hurt me, I'll hurt you too
I've come back around this place
I came to look for you
So when you save me
I'll save you, too
So when you save me
I'll save you, too
If you look for me, you'll find me, baby
We were the best of, the best of
If you look for me, you'll find me, baby
We were the best of, the best of
(friends)
Ziggy ziggy la la
(Friends)

Ziggy ziggy ha ha
(Friends)
Ziggy ziggy la la
(Friends)
Ziggy ziggy ha ha
And I have lost my mind
I am lost in time
I can barely think of anything straight
I can barely feel anything real
I can barely think of anything straight
I can barely feel anything real
So when I save you
You'll save me, too
So when I save you
You'll save me, too
