

Love Don't Live Here No More (Instrumental)

Ghostface Killah

feat. Kandace Springs Feelin' fresh, walkin' down the block

'Bout to see my boo, it's about 6 o'clock

Love is love, it'd been a long time comin'

9 long years, I know she missed my lovin'

Huggin', kissin' in the scent of the kid

She gonna fall out when she see me at the crib

Ding dong, can I speak to Bamboo?

It's me Penelope, stop actin' a fool

She said, "damn, I thought you was dead

Not a phone call? Not a card in the mail?"

For real a phone call? Stop

You know I had to up and leave

I told you I'll be back, girl, but you ain't believe

She told me 9 was too long, and she got a new man

One who gon' stay and hold it down for the fam

So scram, there's no more love for the kid

So I turned my head down and walked away from the crib

Loved so many times

I've been alone so long

Had to pull myself together

Find my heart a brand new home

Got a good thing goin' on

Can't let you mess with my flow

Too little, too late

Love don't live here no more

(Love is love, Tony's back up on the aisle)

(Gone for 9 years like 9 months to a child)

Cried so many times

(Where's my boo at? I need to see Bamboo)

(I got a lot of things on my mind, to explain to you)

Love don't live here no more

Love don't live here no more It's like that? Okay then where you put all my stuff at then? You know, I thought, you know I swear he's, he been doin' this for too long. I done came home, you got another man, you know what

Oh word, so you over it? That's absurd

I never did a damn thing to deserved it

This is a man's world, I go away come home lookin' for you

Now you fuckin' up the plans, girl

You another man's girl, that ain't kosher

Once you see the kid's face you're supposed to

Drop what you're doin', show your loyalty and love

Step out on the porch with a kiss and a hug

Yo you buggin' Just can't understand, you know. I treated you, I gave you everything you wanted. You know what I'm sayin'? And it's like you got another dude laying in the bed? Wearin' my robes, wearin' you out. I

know I was gone but damn, I just can't get it, baby. But I loved you though man, and I still do though
