

Tomorrow

Heather Bond

Close your eyes, go to sleep
Dream your dreams of me
I'm wishing on the stars for you out our window that I see

Tomorrow, you'll wake to find me here
Tomorrow, your worries disappear
This I promise, this I swear, I'm not going anywhere
Tomorrow, you'll wake to find me here

Hold my hand as you dream, I won't let it go
I'll whisper things into your ear, tell you that I love you so

Tomorrow, you'll wake to find me here
Tomorrow, your worries disappear
This I promise, this I swear, I'm not going anywhere
Tomorrow, you'll wake to find me here

So keep them tight, your beautiful eyes
I fell for those eyes
