

Into the Light

Julie Geller

Sweet little girl I know your hiding in there
Sweet little girl I know your scared
And the truth and the truth is I am too
And I don't know just what to do

O my sweet darling tell me what can I say?
It's not your fault lifes is just that way
Did you hear what I say it is not your fault
You did nothing wrong

Course

So come out so come out into the light. x 3
Into the light x 2

O my sweet baby now it's just me and you
I can only get better if I heal you too
Tell me what, tell me what do you need
to be free

Course

So come out, come out into the light. X 3
Into the light X 3

And I'll do everything I can
To let you know that you are safe and loved
Yes I'll do everything that I can
To let you know that you're save and loved

Course

So come out so come out into the light. x 3
Into the light x 3
