To Win the World

Puggy

Are you really looking for money
And just to get you through
You really should be looking for love babe
Loving is good for you
There is in you so much fire
Burning deep in your soul
You got what you need 2x
You got what you need babe

You've just wont the world
Is the world enough for you ?
You've just wont the world
Winning everyhting in in two
You've just wont the world
Yeah but you don't what it is
You've just wont the world
You've just wont the world

You only will fight in for something
Something greeder than I suppose
We need now not to go would you stop fires
Poor mind is the heart and so
Can you really without lies
Stick with you through and through
You got what you need 2x
You got what you need babe

You've just wont the world
Is the world enough for you ?
You've just wont the world
Winning everyhting in in two
You've just wont the world
Yeah but you don't what it is
You've just wont the world
You've just wont the world

There is in you so much fire
Burning deep in your soul
You got what you need 2x
You got what you need babe
