

Woman Don't You Know

Petra

I know that you been scheming
Trying to run my head around
But I know all about you girl
You've been lost, but I've been found
Woman, don't you know?
You ain't gonna pull me down
I told you 'bout a new way
Of livin' life and having fun
I told you 'bout the Spirit
And walking in the light of the Son
Woman, don't you know?
I ain't gonna come undone
I told you about Salvation
But you don't seem to want no part
You've been trying to take me
You've been trying to steal my heart
Woman, don't you know?
I ain't gonna have no part
