## Gargoyle in Virtue

how good is he?  
how warm are his eyes  
you'll see it's not a reprise  
there he arrived  
too late and too tethered away  
to put on his suit and his tie  
how good is he?  
how warm is his heart  
or ego telling him which place to park  
did he relate, the message is clearly hardly  
grounds for dismissal outright  
grounds for dismissal outright  
i wake up and wait up

when anger's in fashion  
i wake up and wait up  
it echoes through the mansions  
i wake up and wait up  
when april's in may, oh uh oh  
i wake up and wait up  
the answers are fatal  
the answers are fatal  
when i wait up and wake up  
the answers are fatal  
if he's truly out of sight  
is he truly out of mind?  
if he's truly out of sight..
