Drink Jack Boogie

Rob Tognoni

welcome to a shot of a Tennessee recipe
life in a bottle was never good to me
start me up at the break of day and finish me at three
forget almost everything that was supposed to beI got up, I fell down and my head was spinnin' arounddrink
jack boogieleave all the thinkin' save it for a rainy day
I got no time for talkin' I got nothin' much to say
the honeymoon is over and the clouds are setting low
fill this up and throw it down it ain't rained for so damn long
