

Who Were You Thinkin' 'bout?

Vanessa Williams

Said, who were you thinkin' 'bout?
Who were you thinkin' about yeah?
Said, who were you thinkin' 'bout?
Were you thinkin' 'bout me, baby?
The first time she touched your hand
Were you thinkin' 'bout me, baby?
Did you forget you were my man?
Were you thinking of me?
When you removed your ring
Or did you just think
I would not think anything
Who were you thinkin' about? Who were you thinkin' about?
Said who were you thinkin' bout? Who were you thinkin' about?
Now who were you thinkin' bout? Who were you thinkin' about?
Were you thinkin' 'bout me, baby?
Each time you kissed her lips
Were you thinkin' 'bout me, baby?
When your hands were on her hips
Were you thinkin' of me?
Did she do it like I do?
Or did you ever think
Of anyone but you
Now who were you thinkin' bout? Who were you thinkin' about?
Said who were you thinkin' bout? Who were you thinkin' about?
Said who were you thinkin' bout? Who were you thinkin' about?
Were you thinking I would just understand?
And that I was a fool

And that I would never suspect
You were doing me wrong
And tell me did you feel bad?
Did it feel good?
Did it feel like you thought it would?
And I would never know?
What you were thinking?
Sure weren't thinkin' 'bout me
Were you thinkin' 'bout her, baby
Now were you thinkin' 'bout you, baby
You weren't thinkin' 'bout me

Who were you thinkin' 'bout? Who were you thinkin' about?
Said who were you thinkin' 'bout? who were you thinkin' about?
Yeah, tell me now, who were you thinkin' 'bout?
Who were you thinkin' about? Said, who were, who were
You sure weren't thinkin' 'bout me, now
You sure weren't thinkin' 'bout me
Who were you thinkin' 'bout?
Now who were you thinkin' 'bout?
You sure weren't thinkin' 'bout me
Who were you thinkin' 'bout?
Yeah, sure weren't thinkin' 'bout me
Who were you thinkin' bout?
Who were you thinkin' 'bout?
Who were you thinkin' 'bout?
Who were you thinkin' 'bout?
