

Fooled By the Serpent

Communic

One morning in the silence of nature
Two shadows dance in the sunrise
Never knowing what's on the other side of the wall
What is it hiding this absence of secrets
Behind the gate to the unknown
Lying obscure behind these highest wallsWhat is hiding in the garden of secrets
Behind the wall
Who is the creator of these illusions of lies
A brand new project Eden
Evil seeds just waiting to bloom
Someone is testing human fateLiving in this world of secrets
In an underground sphere of science
Searching for the place where all evil began
Born into this state of innocence
An Arcadia of coming future life
Reality strikes when the two headed snake bitesFooled by the serpent
Who took a bite
Of the forbidden fruit
From the holy tree
Fooled by the serpent
Someone took a bite
Of the forbidden fruit
In the gardenWhat is hiding in the gardens of secrets
Behind the wall
Who is the creator of these illusions of lies
A brand new project Eden
Evil seeds just waiting to bloom
Someone is testing human fateOccasional sinners
That breeds
And form new lifeOne day someone will go back
To the place where all evil began
Only those who pray every day will find the light
With guidance on their way
Heading back to the land behind the gate
Back to the land of all evilI feel cold when the night takes over
Will we ever find our peace again
We must search for another home far across the fields
Towards what tomorrow will bringWe will be strong
Together we will make it

And never be tempted by evil again
We must leave
To find our new home beyond the sun
Hand in hand we'll walk to find the light
Fooled by the serpent
Who took a bite
Of the forbidden fruit
From the holy tree
Fooled by the serpent
Someone took a bite
Of the forbidden fruit
In the garden
What is hiding in the gardens of secrets
Behind the wall
Who is the creator of these illusions of lies
A brand new project Eden
Evil seeds just waiting to bloom
Someone is testing human fate
