Good Thing (feat. Nick Jonas)

Sage the Gemini

They be speaking on what they don't know
They don't know because I keep it low
When I go low she tell me way to go
I make her act up, when I come back up
She says her feelings too strong
Make her wanna back up
And I respond like damn
Believe me when I tell you why I agree
(Like damn) an hour later it was gon' be you or me
(Like damn) now I don't wanna let you go
But there's something that you gotta knowThis ain't nothing but dangerous
We about to be over it
Why can't it just be what it is
Why can't it be what it is
We're both getting emotional
Same time getting so sexual
Why can't it just be what it is
Why can't it be what it isI know you know we know
We can make the good thing keep happening
Good thing keep happening
I know you know we know
We can make the good thing keep happening
Good thing keep happeningI ain't never felt the way you make me feel
Continue so I know it's real
Think about me like I know you will
Fall for me, let it fall for me, give it all to me
Stand in the middle of the floor, throw your broad to me
This is real, yeah, this is real, let your guard down
This is good shit, ain't no time to call it off now
Now I don't wanna let you go
But there's something that you gotta knowThis ain't nothing but dangerous
We about to be over it
Why can't it just be what it is
Why can't it be what it is
We're both getting emotional
Same time getting so sexual
Why can't it just be what it is
Why can't it be what it isI know you know we know
We can make the good thing keep happening

Good thing keep happening
I know you know we know
We can make the good thing keep happening
Good thing keep happeningI know you know we know
We can make the good thing keep happening
Good thing keep happening
I know you know we know
We can make the good thing keep happening
Good thing keep happeningWe're both getting emotional
Same time getting so sexual
Why can't it just be what it is
Why can't it be what it isI know you know we know
We can make the good thing keep happening
Good thing keep happening
I know you know we know
We can make the good thing keep happening
Good thing keep happeningI know you know we know
We can make the good thing keep happening
Good thing keep happening
I know you know we know
We can make the good thing keep happening
Good thing keep happening
