Shake Me Baby

Junior Senior

If you can't shake my brother
If you can't shake my sister
If you can't shake my brother
Come on and shake away with me

And I'll be your tambourine man
Oooh shake me in the palm of you hand
Shake me your tambourine man
Shake me shake me baby like no other can

I need you honey almost all the time
When I feel blue (ba ba ba ba ba ba ba ba)
I think about you almost all the time
When I feel blue

Uh huhhhhh

If you can't shake my brother
If you can't shake my sister
If you can't shake my brother
Come on and shake away with me

And I'll be your tambourine man
Come on and shake me in the palm of your hand
And you'll be my tambourine girl
Shake shake me baby till the end of the world

I need you honey almost all the time
When I feel blue (ba ba ba ba ba ba ba ba)
I need you honey almost all the time
When I feel blue

Say Pre-pre-preacher man
Knock-knock on your door
Why don't you let me in?
What is my sin?

Say Pre-pre-preacher man
Knock-knock on your door
Why don't you let me in?

What is my sin?

I think about you almost all the time
When I feel blue
But you've been crying, my baby (ba ba ba ba ba ba ba ba)
You hold my hand and you make me cry
And tell me maybe, baby baby baby
