

# She Says What She Means

Sloan

When in the world  
I'm gonna get it together  
I'm telling you girl  
I'm gonna make it all better But I don't know how I'm going to  
'Cause I don't know what she is going through  
What I know is that's even mean for me  
'Cause she means what she says and she says what she means What is the word  
It's like you don't even know me  
Haven't you heard  
This sort of thing is below me? But I don't know what I would stoop to  
Have you got another jump I could hoop through?  
Now, I don't know if that's even meant for me  
'Cause she means what she says and she says what she means  
When she says that I'm mean, does she mean what she says? And she says what she means and she means what  
she says  
And she says what she means and she means what she says Maybe, I don't stay in touch much  
'Cause it makes me feel I'm goin' Dutch, ooh  
Maybe, I'm the sort who's sordid  
Yeah, but I won't be extorted, ooh Whenever you want me, whenever you need me  
I know that you're angry, you know that I'm sorry  
Well, this situation has come back to haunt me  
Whenever you need me, whenever you want me  
Whenever you want me, whenever you need me  
Whenever you want me, whenever you need me  
Whenever you want me
