

Own It

Drake

[Intro]

Own It

It's yours (x2)[Verse 1]

Yours

You're still the one that I adore
Ain't much out there to have feelings for
Guess who's it is? Guess who's it is?
Guess who's it is? Guess who's it is?

Yours

A few bottles on the table, a few waters
It ain't a secret, baby, everybody saw us
Guess who's it is? Guess who's it is?

Guess who's it is?

It's yours Next time we fuck, I don't want to fuck, I want to make love

Next time we talk, I don't want to just talk, I want to trust

Next time I stand tall I want to be standing for you

And next time I spend I want it all to be with you

Peaking, I'm peaking, wake up with me this weekend, weekend

Guess who's it is?

Guess who's it is? Guess who's it is?

It's yours[Hook] (x2)

Own it (x16)

I said go own that shit

Own that shit, own that shit

Own that shit, go own that shit

Own that shit, own that shit

Own that shit, own that shit

Go own that shit[Verse 2]

Niggas talk more than bitches these days

Just let that shit sink in

Niggas talk more than bitches these days

Who could get the pussy quicker these days

Still straight with the weed and the liquor these days

Cause the new drugs got the kids trippin' these days

Bunch of journalists been searchin' for a story

My ex-girl been searchin' for a "sorry"

Couple bitches tryin' to have me on the Maury like nigga it's yours

You should be supportin' but where you been at? On tour, gettin' money

Y'all don't even really check for me

You ain't even hit me when that nigga had threats for me
Girl, you don't love me, you just say that shit to get to me
Girl, cause you got the Batphone in my workline
You should call it
When the last time you did something for the first time?
You have done it all, swear to God
Niggas talk more than bitches these days
Got you thinkin' I'm different these days
Broken telephone for every single conversation
By the time it gets to you, shit switches these days
It's yours, it's your, it's yours, it's always gonna be yours[Outro]
Own it (x17)
It's yours, yeah
It's yours, own it
Own It
Own It
Own It
Own It
Baby, own it
It's yours
Own that shit, own that shit
Own that shit
