All My Days

Hilary Weeks

Love And grace
Brought Him here
A world to save
He suffered all
He felt our pain
He knew it was the only way
HeUnderstands
When Im unsure
He knows the plan
And when Im tired
Losing my way
He picks me up and gives me strength
And I will praise Him
All my days
All my days
May my voice ring out in praise
For Him who died
To give me life
I will glory in His name
All my days
He Sends His love
So patiently
He teaches me
Step by step
Leading me home
Its the greatest love Ive ever known
And I will praise Him
Chorus
And when I see Him again
I will bow down and say
Chorus
