

Wow and I Say Wow

No Fun At All

I want things and I want them now
Always broke I can't see how
I can stop this poorness ball
No fun at all Give me money give me gold
It brings me happiness I'm told
I need experience in being rich and need it now
I need everything I say wow..wow..wow and I say wow
Give me everything
I say wow..wow..wow and I say wow
Give me everything Lots of money in the stock exchange
All of it outside my range
This fact really pisses me off
I could use a lot of stuff
