I Need A Father

Starfield

Hold me, somebody
Don't let me be alone
Love me, stay with me
I am dying to be known
My heart cries out
I need a Father
Whose love will never fail me
A friend like no other
Whose trusted arms will hold me
I need a Father
I am wounded
But I tuck the pain away
Free me, heal me
I don't want to be afraid
My heart cries out
I need a Father
Whose love will never fail me
A friend like no other
Whose trusted arms will hold me
Here's my heart, be tender, please
Let me know Your love for me
Here's my heart, I'm on my knees
I will trust 'cause I believe
You are my Father
Your love will never fail me
A friend like no other
Your trusted arms will hold me
You are my Father
