

Lost In California

Little Big Town

There's a long stretch of desert through the canyon
And colors painted we ain't ever seen, yeah
I wanna take off runnin' barefoot, wild abandon
Just you and me I just wanna burn, I just wanna burn for you baby
Wanna get caught, get caught up in your summertime
Whisper in my ear, dreamin' disappear, say you'll take me
Where the world unwinds
Lost in California Let's chase the waves and let 'em take us under
On some deserted piece of virgin sand, yeah
Hold on to the freedom and the wonder
While we can I just wanna burn, I just wanna burn for you baby
Wanna get caught, get caught up in your summertime
Whisper in my ear, dreamin' disappear, say you'll take me
Where the world unwinds
Lost in California
