A Day In the Life of a Poolshark (Instrumental)

Idiot Pilot

Never could see past the skin
They make you believe, beauty's from within
Don't know why, 'cause it's just not true
I could never be a part of something I did not help to startDont know why
It's just how I am
When I want something
All I do is smile, smileDon't know how long
Fall out
We'll last
But we'll find the higher groundNever did understand the lie
You can tell that someone is telling the truth by their eyes
It's just not true
I could never be a part of something I did not help to stopDon't know why
It's just how it is
When I want something
All I do is smile, smileDon't know how long
Fall out
We'll last
But we'll find the higher ground[Unverified]
Don't know how long
Fall out
We'll last
But we'll find the higher groundI'm done with the life of a poolshark
