Woke up too late again
You missed the train and then
You curse a day but hey
You catch another one
And now instead a run
You chillin' in the sun
Just take a breath and look around
Hey!
You got no reason to be down
Right!It's okay yeah
You'll be fine, come rain or shine
Say hey, yeah
I don't need to worry, hashtag fail, fail
It's okay, yeah
Give it a minute and we'll laugh it off
Give it a minute and we'll laugh it off
Give it a minute and we'll laugh it offYou mean to bring it on
But oops you get it wrong
Somebody even yawned
You aren't gonna die
And baby F Y I
I'm proud of you, you triedJust take a breath and look around
Hey!
You got no reason to be down
Right!It's okay yeah
You'll be fine, come rain or shine
Say hey, yeah
I don't need to worry, hashtag fail, fail
It's okay, yeah
Give it a minute and we'll laugh it off
Give it a minute and we'll laugh it off
Give it a minute and we'll laugh it offWhat you gonna do? Kickin' to the curb
Nothin' to be upset about
What you gonna do? Kickin' to the curb
You and me will work it out
Nothin' to be upset about
What you gonna do? Kickin' to the curb
We gonna work it out, we'll knock it outIt's okay, yeah, ah
Give it a minute nowIt's okay yeah

You'll be fine, come rain or shine
Say hey, yeah
I don't need to worry, hashtag fail, fail
It's okay, yeah
Give it a minute and we'll laugh it off
Give it a minute and we'll laugh it off
Give it a minute and we'll laugh it off
