Say It With Your Body

Inna

[Inna]
You you don`t have to move your lips
You say it with your body
We we don`t have to talk all that
And I knew the second that I saw you
Never felt like this before
They don`t make like you no more
Come alive like an animal...!Do do do do don`t talk
Say it with your body
Do do do do don`t talk
Say it with your body
Say it with your bodyYou tell me that Im all you want
That you knew the second that you saw me
You you make me wanna move my hips like you do
I want you to control me
Never felt like this before
They don`t make it like you no more
Come alive like an animalDo do do do don`t talk
Say it with your body
Do do do do don`t talk
Say it with your body
Say it with your body
Say it with your body
