

# Blue Christmas

Jann Arden

I'll have a Blue Christmas without you  
I'll be so blue just thinking about you  
Decorations of red on a green Christmas tree  
Won't be the same dear, if you're not here with me  
And the when those blue snowflakes start fallin'  
That's when those blue memories start callin'  
You'll be doin' all right, with your Christmas of white  
But I'll have a blue, blue, blue, blue Christmas  
Decorations of red on a green Christmas tree  
Won't be the same dear, if you're not here with me  
And the when those blue snowflakes start fallin'  
That's when those blue memories start callin'  
You'll be doin' all right, in your Christmas of white  
But I'll have a blue, blue, blue, blue Christmas
