

# Motivation (Rolling Stone Version)

## T.I.

Better get on yo job, tell'em, haters get on yo job, nigga (Motivation)  
Nigga, get on yo job, tell'em, haters get on yo job, nigga (Motivation)  
Haters better get on yo job, tell'em, haters get on yo job, nigga (It's motivation)  
Sucker nigga, get on yo job, if ya, hatin' get on yo job, nigga You can look me in my eyes, see I'm ready for  
whatever  
Anything don't kill me, make me better  
I ain't dead nigga, you can take the fame and the chedda  
And the game, any deal, I'm still a go-getter  
Take my freedom for the moment but it ain't forever  
I got the spirit of a god, heart of a dope dealer  
I'm a king, seen hangin' with some cold killers  
I ain't never back down or ran from no nigga  
I ain't sat down yet, pimp, standin' gorilla  
Even if I'ma all alone or standin' with four niggas  
Tell'em jump, pimpin' it don't get no realer  
5'9" with the soul of a 6'4" nigga  
I separated the fakes, paralyzed from the waist down  
From the real stand up guys of the A-Town  
Can't even look me in my eyes, put yo face down  
I'm outta jail nigga, what you gotta say now? Motivation  
Niggas fakin' only gonna inspire (Motivation)  
All yo hatin' in fuel to my fire (It's motivation)  
Niggas plottin' on the crown slowly drpopin' (It's motivation)  
Hey but I ain't slowin' down and I ain't stoppin' (Motivation)  
Now nigga don't stop my show (Motivation)  
You ain't know I don't stop, I go (It's motivation)  
Sucker niggas can't make me suffer  
Just make me stronger and make me tougher (It's motivation) To be locked in a box niggas happy to see  
Put anybody on top, any rapper but T, I, P  
But back to reality G, hoe D still carryin' me, nigga I run this  
Spread yo rumors, kick all yo lil' dumb shit  
Tell lies, laugh 'bout the time that I'm goin' get  
If it make you feel better, picture me over and done with  
Punk bitch, come with all the gossip you can come with  
Small thing to a giant, I can overcome this  
Jail, I don' done this, rap I'm just havin' fun with  
I could be a local joker, never have one hit  
Nigga, "New Finish" alone'll get me dumb rich  
While these rappers sellin' records gettin' pennies

If Grand Hustle sell any, I'ma get plenty  
If God with me, who could be against me sucker?  
Can't make me suffer, just make me tougherMotivation  
Niggas fakin' only gonna inspire (Motivation)  
All yo hatin' in fuel to my fire (It's motivation)  
Niggas plottin' on the crown slowly drpopin' (It's motivation)  
Hey but I ain't slowin' down and I ain't stoppin' (Motivation)  
Now nigga don't stop my show (Motivation)  
You ain't know I don't stop, I go (It's motivation)  
Sucker niggas can't make me suffer  
Just make me stronger and make me tougher (It's motivation)Better get on yo job, tell'em, haters get on yo job, nigga (Motivation)  
Nigga, get on yo job, tell'em, haters get on yo job, nigga (Motivation)
